Growth, Groceries, and Gratitude!

A Message from Michael Beaty, Board President

As I settle into my new role as Board President, I reflect on the incredible growth Store to Door has achieved in 2018, and how fortunate I am to be part of such an amazing team dedicated to helping homebound seniors and adults with disabilities stay nourished and connected.

2018 was quite a year of accomplishments for the organization. Last year we served 682 wonderful clients through 11,569 nourishing deliveries and friendly visits – that's a whopping 15% increase in deliveries over 2017! Our Equity Team was busy following through on our Equitable Outreach Plan goals to prepare the agency to serve more diverse, high-need clients. We also refreshed our annual goals for our strategic plan, outlining how we will build capacity to ensure equitable services to 1,000 clients by 2020. Our goals are ambitious, but imperative based on local census data.

“Last year we served 682 wonderful clients through 11,569 nourishing deliveries and friendly visits—that's a whopping 15% increase in deliveries over 2017!”

Our impact would not be possible without our amazing Executive Director Kiersten Ware. I want to thank Kiersten for her extraordinary leadership over the past 6 years, as she will be transitioning out of the role on March 31st. Under Kiersten's guidance, the organization has seen unprecedented growth in service delivery to clients, volunteer resources, and funding to sustain and grow Store to Door's services.

Please join us in wishing Kiersten well in her future professional endeavors. I am excited for another impactful year of service to our clients and invite you to join me in continuing your involvement.

REMEMBERING JEAN PIERCE

June 17, 1925 - January 22, 2019

Jean Pierce, one of Store to Door's most extraordinary volunteers, passed away peacefully at her home in Portland, Oregon on January 22nd, 2019. Jean was surrounded by her loving family.

Jean's legacy and impact on the Portland community transcends her time with us, thanks to her many contributions as a volunteer, board member and friend. Jean led by example; she was a passionate volunteer for most of her life. Store to Door is so fortunate to have had her dedication and involvement; through her volunteerism, she

inspired others and demonstrated a long-term commitment, having shopped with us for over 25 years.

Jean often said, "It makes me feel better to do something for someone else." She will be remembered and missed by many for her kind and humble heart, dependability, and impeccable style!

AN UPDATE ON OUR EQUITY JOURNEY

As an organization supporting independent living for Portland area seniors and people living with disabilities, our clients are members of an extremely marginalized and overlooked community, and are at high-risk for food insecurity, isolation, and displacement from their homes.

Our board made a commitment to equitable outreach in 2015 when we realized that 90% of our clients were white and not representative of Multnomah County. Over the past four years we have continued to refine our equity goals and plans, and in 2018 developed the Equitable Outreach Plan with a focus on intentional inclusion of clients.

Thanks to the support of community partners such as Meyer Memorial Trust, Metro Central Enhancement, Maybelle Clark Macdonald Fund, and Oregon Community Foundation, we are making significant steps to support the goals within our Equitable Outreach Plan.

We are proud to share the following results to date in our equity journey:

- *All Staff and All Board Members have received Equity Training by Center for Equity and Inclusion.*

Store to Door staff at an Equity Diversity and Inclusion Training session in October.

“Store to Door is dedicated to reaching our equity goals and ensuring nourishment and connection for all seniors and adults with disabilities in need.”

- *Our Equity Statement was finalized and released.*
- *Adopted an Equity Lens tool which is utilized as part of our decision-making processes.*
- *Adopted an Agreements tool which is used to 'set the table' for meetings and discussion.*
- *A review of internal practices and official policies was completed to identify, call out and address micro-aggressions and institutional biases, impacting client and volunteer enrollment forms, marketing and recruitment materials, and our website and social media accounts.*
- *An equity scan has been integrated in weekly staff meetings and bi-monthly board meetings to foster a culture that addresses institutional inequities in an honest way.*
- *Established new relationships with nine culturally specific organizations.*

Going forward in 2019, we will continue to strengthen relationships with organizations serving culturally specific clients, and will utilize these partnerships to recruit clients and volunteers and grow our delivery capacity to reach underserved populations. While we have more work to do in this area, with the support of community partners, a passionate Equity Team, and a comprehensive Equitable Outreach Plan, Store to Door is dedicated to reaching our equity goals and ensuring nourishment and connection for all seniors and adults with disabilities in need.
