

## Support-A-Day or Week

Show your support for our Grocery Shopping and Delivery program by sponsoring a day or week and highlighting your group, company, or corporation's dedication to providing food access, food security, and connection to Portland Metros homebound seniors and adults with disabilities.

Store to Door staff and volunteers take client grocery orders, shop for the groceries, and make deliveries to 300-330 homebound seniors and adults living with disabilities each week. While clients pay for their groceries and over 400 volunteers support our work each month, it costs about \$32 per client to facilitate the process from order taking to delivery. Clients pay for their own groceries with their own funds or SNAP benefits and are charged a modest delivery fee averaging just \$3-\$6 per delivery. Support a Day and Support a Week sponsorships help offset the costs associated with facilitating our grocery delivery program.
